

MARINE CORPS SECURITY FORCE REGIMENT
TRAINING COMPANY
WELCOME ABOARD

First Sergeant Weidman and I want to welcome you and your family to Marine Corps Security Forces Training Company (MCSFRTCo). Our unit is a unique and geographically separated entity from our higher headquarters with the mission to train and develop the Marines and Sailors for service across the Regiment. These men and women will serve in a multitude of locations for units that have strategic impacts across the globe. We create two Military Occupational Specialties to support the Regiment:

1. Basic Security Guard Course (BSG) - 8152 MOS
2. Close Quarters Battle Team Member Course (CQB) - 8154 MOS

Basic Security Guard Course: Trains over 1,000 entry level and Tier One Marines in expeditionary site security, advanced marksmanship, interior tactics, non-lethal weapons employment, and basic machine gunnery in order to prepare them for wide dissemination across the Regiment at Kings Bay, GA, Bangor, WA, the Marine Barracks at 8th&I, as well as multiple Fleet Antiterrorism Security Teams based in Yorktown, VA.

Close Quarters Battle Course: Trains the Recapture Tactics Team members of the Nuclear Weapon Security Battalions on advanced marksmanship, breaching, and interior tactics in order to prepare them for rapid response to protect national strategic assets.

Training Company employs a Battalion(-) to support and ensure the constant training capability of our professional instructors. The Company retains support shops that include Operations, Logistics, Medical, Range Control (CANEBRAKE), and Administration. These elements assist in maintaining our internal facilities and relationships with our Navy counter-parts on base, as well as our many external partnerships out in the community.
