

MARINE CORPS SECURITY FORCE REGIMENT
WELCOME ABOARD

Sergeant Major Adams and I want to welcome you and your family to Marine Corps Security Force (MCSF) Regiment. The regiment is unlike any other unit in the Marine Corps; the regimental headquarters is located in Yorktown, Virginia; however, our 11 subordinate commands are located across nine geographic locations inside and outside of the continental United States (OCNUS). In addition to our unique geographic laydown, the regiment executes two very important missions: (1) Strategic Weapons Security at MCSF Battalion Kings Bay, GA and MCSF Battalion Bangor, WA, and (2) we train and deploy Fleet Antiterrorism Security Team (FAST) Platoons to Naval Component Commanders in three OCNUS FAST Company locations, and MCSF Company Guantanamo (GTMO) Bay conducts fence line security operations at Naval Station Guantanamo Bay, Cuba.

Arguably, we are one of the most engaged regiments in the Marine Corps; each day, half of our 3,490 Marines/Sailors are actively conducting critical security operations here in the continental United States or deployed to four OCNUS locations training, maintaining alert forces, and/or operationally employed. Each member of the regiment is critical to our success, so whether you are a Marine or Sailor arriving from the School of Infantry, operating forces, or bases and stations across the Navy and Marine Corps, we are excited to have you and your family. Sergeant Major and I feel your tour in MCSF Regiment will be unlike any other in addition to being a demanding and rewarding experience.
