

Welcome to Naval Submarine Base Kings Bay

Welcome to the state-of-the-art home to the Atlantic Fleet's Trident II Submarines. It's the only naval base in the Atlantic fleet capable of supporting the Trident II (D-5) missile. The Base is the east coast homeport for the Ohio-class fleet ballistic-missile and guided-missile submarines.

Kings Bay borders the historic town of St. Mary's, Georgia in the southeastern corner of Coastal Georgia, just north of the Florida border. It is approximately three miles from Georgia State Highway 40; five miles from Interstate 95; and 30 miles north of the Jacksonville, Florida Airport.

The Base has two entry gates, the Stimson Avenue and Franklin Avenue. Each gate has specific operating hours that you should be aware before arriving.
